**Week of April 16-20, 2012**

**Potential or Expected Press Stories, Significant Policy, Regulatory, or Legal Actions:**

**April 16** - Validated results of EPA's sampling of the latest twenty home wells in Dimock, Pennsylvania, (to date, 31 out of 60 homes), continues to be shared with affected homeowners. Media coverage has been heavy and will continue as additional residents receive their sampling results.
